**Modeling & Diagramming :** UML | Draw.io | Lucidchart | Figma

**Project Management / Agile Tools :** Jira | Confluence | Notion

### SOFT SKILLS

- Communication & Management
- Problem-Solving & Critical Thinking
- Analytical & Decision-Making Skills
- Adaptability & Continuous Learning
- Collaboration in Cross-Functional Teams

## PROJECTS

### **Event Booking Application**

Enable seamless event browsing and booking for end-users.

Gathered user requirements, mapped booking workflows, defined functional specifications, and collaborated with developers to ensure solution aligned with business goals.

### **NEWS Application**

Deliver real-time news content with an engaging interface.

Conducted stakeholder interviews, defined content display requirements, and designed UI/UX workflow documentation to guide development.

### **Porsche AI Chatbot**

Provide users with contextual automotive insights via chatbot.

Analyzed user needs, drafted conversation flows, created acceptance criteria for AI responses.

### **Portfolio Website**

Present professional experience, skills, and projects in an organized manner.

Defined content structure, prioritized key information, and optimized navigation through wireframes and mockups.

### **BookHaven Book Management System**

Facilitate secure, role-based book inventory management.

Gathered requirements from different user roles (admin, staff), documented functional specifications, and defined process flows for CRUD operations.
